## Sort the steps for how to read a clock.

Move the steps into the correct order.

Help Zuri and Freddie remember the steps for how to read a clock.

A We can skip count and count up to **find how many minutes** have passed.

B Put the **hour and minute together** to find the exact time.

C First, **find the hour** by looking at the last number the hour hand (or short hand) passed.

D Now we need to find how many minutes of the hour have passed by looking at the **minute hand** (or long hand).

CORRECT ORDER

## Our hints for the tasks

1  
from 6
