Which animals can we find in the forest?

Place the names with the correct animal.

We've learned about many animals today. Can you name each of the animals?

Sheep

Spider

Wolf

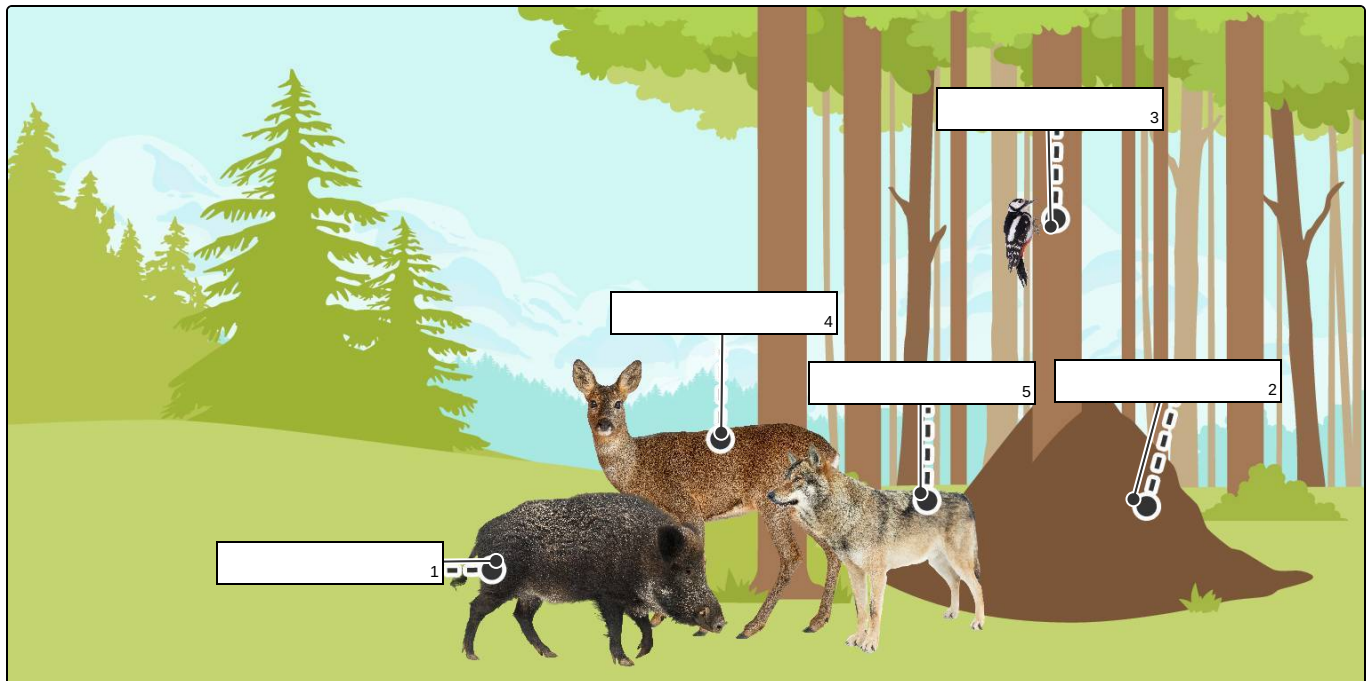

Piglet

Deer

Wild Boar

Woodpecker

Wood Ant

Our hints for the tasks

1
from 6

Which animals can we find in the forest?

1. Hint

Remember, a piglet is the name of a baby animal, not the name of the adult animal.

2. Hint

Though spiders can live in the forest, were they mentioned in the video?

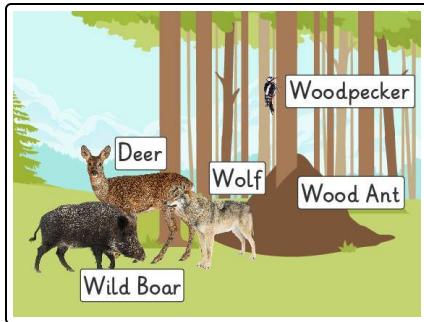

Solutions and solution approaches for the tasks

from 6

Which animals can we find in the forest?

Answer key: 1: Wild Boar // 2: Wood Ant // 3: Woodpecker // 4: Deer // 5: Wolf

You can see all of the correct answers in the picture here! The **wild boar**, **deer**, **wolf**, **woodpecker**, and **wood ant** are all animals we learned about today in the forest.

Spiders and sheep may live in the forest, but they are not pictured in this photo. Piglets are the name of a **baby** wild boar, not the adult animal.
